Berzenin Filipp

Junior JAVA developer

I am seeking employment with a company where I can use my ability, skills and knowledge. I have an experience of Java development. This year I finished a course Foxminded - Java Enterprise. My portfolio: Foxminded graduation project universityfb.herokuapp.com (Web-Service, Spring, Hibernate, deploy on Heroku, GitHub https://github.com/FilippBerzenin/WEB-Service_University); BackupService (Socket, Multithreading, Swing, GitHub <https://github.com/FilippBerzenin/backupService>). I also have experience in the banking sector and banking software a corporate user as well as a developer of technical assignment. My experience of child-raising in maternity leave improved my stress resistance, time management and ability to focus on result.

Person information

Date of birth: 1982-07-15
